

CEE Report November 2022.

- Oak tree/Landmark tree
Despite requests for delivery date on the replacement Landmark Tree, no date as yet received. Rumbullion Farm have a number of substantial oak saplings which they have kindly offered to BFPC should the Landmark Tree either not arrive or be deemed unsuitable.
- Free trees
Forest for Cornwall is distributing free trees to householders in a number of parishes. These are all in central or west Cornwall. There will be a further round next year. If the PC agrees, we can request that BFPC be considered for this.
- Bulbs.
We have 100 miniature daffodil bulbs for planting on the recreation field banks once the grass has been strimmed.
