

CEE Report April 2023.

1. Cormac and Verge Cutting.

A lengthy enquiry was sent to Cormac asking for more detail as to how they will cut the Hatt roundabout. Their reply was simply that it would be cut once in Spring/early Summer and again in Autumn. They could not give any more definite dates than that. We can only hope that the cuts are done at such time as to maximise flowering and seed-setting opportunities for the plants there. However, residents can be assured that all is done according to Cornwall Council standard procedures and is out of the hands of the Parish Council.

2. Climate and Ecological Emergency Bill.

Cornwall Council voted last week to support the Climate and Ecological Emergency Bill that is currently being considered by Parliament. This Bill seeks to reinforce the current measures being considered by the government in as much as it would oblige it not only to halt the ecological decline but also to take measures to add to our biodiversity.

Cllr. Malcolm Fletcher, April 2023.
