

BOTUS FLEMING & HATT COMMUNITY ACTION TEAM

We have decided the group will be known as the 'Community Action Team' or 'C.A.T' and not the 'Civic Pride Group'. Below is the group logo.

BOTUS FLEMING & HATT

C.A.T

COMMUNITY ACTION TEAM

C.A.T would be made up of a group of volunteers from our community to carry out important local tasks. The work could include anything from picking up litter, keeping footpaths clear and maintaining community assets. In the long run we could start up projects to further improve our community.

The current group of volunteers and committee is very small and is currently made up of Becky Escott, David Willey, Jeanette and Richard Taylor and myself and my wife Sarah Edwards.

We had previously met up on a couple of occasions and collected litter in the parish, but on Sunday 31st July 2017 we met again and cleared and tidied the gated lane between the A388 down to Botus Fleming. There had been a request from a member of the public a few days before at the Parish Council meeting.

BEFORE....

AFTER....

We think that the photographs speak volumes, and after 3 hours or so hard work the lane was transformed.

We feel that there are many more tasks that can be preformed and we would hope that we could attract more volunteers.

We seek to put a list together of tasks that the community would like to see carried out.

Once we have a list of tasks we will come up with a date and make a formal launch of C.A.T to coincide with carrying out the task(s).

We would suggest that there should be some financial support from the Parish Council to purchase polo shirts with the group logo displayed and any specialist tools or equipment not readily available to the group.
