Dear Merv,

1. After much deliberation and soul searching I have decided to tender my resign as a councillor on Botus Fleming Parish Council (BFPC) with effect from the next meeting on 27 February 2019.
2. I have not made this decision lightly and is the result of my increasing workload, personal and family reasons. It is not as a result of anything to do with the council or any individual, purely for personal reasons.
3. Having worked with the council for around four years I can see improvements everywhere I look in the community and have had a great deal of positive feedback in recent times. The parish council is certainly delivering results for the residents of the parish and I am confident that you will continue to be successful in the future.
4. I apologise for adding the burden of recruiting another councillor just as you are getting back to full strength, but as I could not any of the next seven meetings I feel I am blocking a valuable chair at the BFPC table and it is only right that I stand aside and give someone else the opportunity to serve the parish.
5. May I take this opportunity to wish the council a fair wind and following seas, it has been a pleasure to work alongside all those working on the council.

Yours sincerely,

Stephen Robert Malcolm
